Klar's guest editorial on Schuetz property confused issue

A guest editorial recently published in *The McFarland Thistle*, written by the Village Board President, ostensibly to clarify the issues regarding the village's purchase of the Schuetz property, has instead further confused the issues with inaccurate and incomplete information.

For an accurate and concise ex-

planation of the issues surrounding the purchase to the Schuetz property, we urge all McFarland citizens to visit the Web site at www.forwardmcfarland.info.

The background information on that site offers an unbiased and straightforward explanation of the history and description of the current situation regarding purchase of the property.

Sincerely,
Fred and Shirley Buhr
McFarland
